To free your skin from blemishes

ASK a skin specialist why it is that your skin is continually breaking out with disfiguring little blemishes.

He will almost certainly tell you that this condition comes from an outside infection.

Authorities on the skin now say that skin blemishes are generally caused by bacteria and parasites which are carried into the pores from outside, through the dust and soot in the air.

To free your skin from blemishes, use this simple treatment:

EACH night just before retiring, wash your face with Woodbury's Facial Soap and warm water, finishing with a dash of cold water, and dry carefully.

Now dip the tips of your fingers in warm water and rub them on the cake of Woodbury's until they are covered with a heavy, creamlike lather.

Cover each blemish with a thick coat of this and leave it on for ten minutes.

Rinse your face thoroughly, first with clear hot water, then with cold.

GET a cake of Woodbury's today. A 25-cent cake lasts for a month or six weeks.

THE Hardman

DURABILITY

THE KEYSTONE OF
Hardman
SUCCESS

WHEN the Brewster and Harman pianos graced Washington Square more than eighty years ago, the reputation of Hardman was already firmly established.

THREE generations of piano users have discovered that the Hardman is something more than the supreme embodiment of tonal beauty. It is so built that the full richness of its tone remains unchanged through years of playing.
